

CALL FOR APPLICATIONS

STEM HUB MANAGER

Location: Bamenda, Cameroon | Position Type: Full-time Application | Deadline: 24.08.2025 Start Date: 01.09.2025

ABOUT US – PATHFINDERS STEM HUB

The Pathfinders STEM Hub, Bamenda - Cameroon a program is a dynamic community-driven initiative committed to democratizing and demystifying STEM education for under-resourced children and youths, particularly those affected by conflict and displacement. With components including a makerspace, a mind-sports lab, and a community STEM library, our hub provides hands-on, innovative, and inclusive learning experiences. Since its creation we have been able to nurture and empower over 300 under-resourced learners in Bamenda – Cameroon working with over 05 community schools and 06 trained STEM instructors. This hub has been funded with the contributions of its founders.

We are seeking a **passionate, organized, hands-on, and visionary individual** to serve as our STEM Hub Manager and lead the daily operations, educational programs, and strategic growth of the Hub.

KEY RESPONSIBILITIES

- ❖ Lead the overall management and coordination of the Pathfinders STEM Hub.
- ❖ Design, implement, and oversee hands-on STEM learning activities and programs.
- ❖ Supervise and support volunteers, interns, and facilitators.
- ❖ Ensure smooth daily operations of the makerspace, library, and mind-sports activities.
- ❖ Monitor and evaluate learning outcomes and program impact.
- ❖ Coordinate community outreach and partnerships.
- ❖ Create and manage together with STEM instructors in community schools.
- ❖ Develop and implement our Summer STEM STAR (3S) program.
- ❖ Prepare reports, maintain documentation, and support fundraising efforts.

REQUIRED QUALIFICATIONS

- ❖ A university degree in STEM Education, Science, Technology, Engineering, Mathematics, or a related field
- ❖ At least 2 years of experience in program coordination, education, or youth development.

- ❖ Very strong interest in hands-on learning, maker education, tinkering and digital literacy.
- ❖ Excellent organizational and communication skills.
- ❖ Experience working with under-resourced or conflict-affected communities is an asset.
- ❖ Familiarity with the Anglophone crisis context in Cameroon is a plus.
- ❖ An active computer and digital citizen.
- ❖ Because of the security context, we shall appreciate applicants living in Bamenda 2 municipality.

WHAT WE OFFER

- ❖ A meaningful leadership role at the forefront of democratizing STEM education for under-resourced and conflict-affected communities
- ❖ The opportunity to innovate, shape, and scale impactful programs that change lives through hands-on learning.
- ❖ A collaborative and supportive team that values creativity, local knowledge, and inclusive practices.
- ❖ Professional development opportunities, including access to training, workshops, and networking with international partners.
- ❖ A chance to work with passionate young learners, community educators, and grassroots changemakers.
- ❖ Visibility and recognition through participation in global education and innovation networks.
- ❖ Flexibility to pilot new ideas and learning models, especially within the makerspace using the hub's local and international state-of-the-art STEM educational tools.
- ❖ A modest but meaningful monthly stipend/salary
- ❖ The satisfaction of building a legacy of learning, hope, and innovation in one of the most marginalized regions in Cameroon.
